Product Description

Our customizable OEM ODM best fake christmas tree, whether it is used as a holiday decoration for personal homes or as a display in commercial places, it can bring you a convenient, beautiful and lasting holiday atmosphere. We have the ability to customize according to customer needs to meet customers' specific holiday decoration requirements.

ECO FRIENDLY MATERIALS: We use environmentally friendly flame-retardant PVC materials to make artificial Christmas trees to ensure compliance with environmental standards. This material is pressure resistant, not easily deformed, and has a long life. It can be used with confidence and also contributes to the environment. In addition, the design of the encrypted leaves makes the appearance of the Christmas tree more realistic, as if it is a realistic Christmas tree.

EASY INSTALLATION: Our artificial xmas trees feature a three-layer design, making the installation process quick and easy. You only need to connect the four parts to complete the installation. You don't need to spend too much time or energy to set up the Christmas tree, and you can enjoy the festive atmosphere easily and happily.

EASY STORAGE: We have specially considered the storage of your Christmas tree. The tree legs are thickened and the sturdy folding frame design makes it easy to store the artificial xmas tree at any time. When Christmas is over, you can fold up the tree's legs and tuck the branches for easy storage in a smaller space, waiting for the next Christmas.
