Product Description

Introduction

The artificial rose flower ball centerpiece pendant uses sufficient raw materials. Each 20CM flower ball is made of more than 50 roses, showing a full and dense effect. It is of high quality and trustworthy. Silk flower balls are widely used in kindergartens, hotel lobbies, shopping malls, weddings, festival decorations and other occasions. Whether creating a warm wedding atmosphere or adding unique decoration to a shopping mall, these faux hanging rose balls display the perfect combination of quality and beauty.

Features

Simulation is harmless: Although it looks fake, you never worry about any pests

Durability: never fades for three to five years. Still bright despite the sun and rain

Weather resistance: Withstand harsh climate tests. No deformation even at high temperatures of 40 degrees Celsius. No deformation even at -40 degrees Celsius.

Economical: high quality, low price and high cost performance

Our advantage

1. Refuse to recycle materials

We use environmentally friendly plastics with realistic effects and beautiful colors.

2. Reject low density

We use high-density plants, which are uniform and thick with good texture

3. Reject formaldehyde

We use healthy and environmentally friendly materials to create a healthy and comfortable environment for you.

4. Good effect

High simulation material effect is dense and three-dimensional!

5. No odor

Factory-ventilated, breathable and safe material with no odor!

6. Easy to install

Professional florist guides the entire installation process!
